Very good. Here's the FINAL, FINAL version that I'm printing now and will get up to Dennis to sign. I plan to have both the letter and FRN signed today and Fed Exed to Allison. Let me know if something else is needed.

Subject: Remove Penalties Langague in FRN

Dennis and Will, Christine and Lynda,
I was able to connect with Jeff this weekend, and he's agreed that all language referring to penalties (both sentences) can be removed from the FRN. Lois wanted reference to penalties in at least one public-facing document...and since we've added some soft language in the Findings, we are good.

Thanks, and Christine....so as not to further confuse, I will leave the removal of the sentence to you...on the version to Allison sent to you, Lynda, Will on Friday.

Best, Joelle.
